Work Experience

Sr. Lead Frontend Developer

Oodles Technologies – Gurugram, Haryana | Aug 2022 – Present

- Delivered 6+ scalable production applications using React.js, Next.js, Vue.js, Nuxt.js, and Strapi CMS.
- Improved application performance by 30% through frontend optimisation, SSR, code splitting, and lazy loading.
- Designed reusable frontend architecture, customised Strapi CMS with custom plugins and extensions, integrated REST APIs, and collaborated with cross-functional teams to deliver production-ready applications.

Associate Consultant (Frontend Developer)

Oodles Technologies – Gurugram, Haryana | Jun 2021 – Jul 2022

- Built responsive Web3 applications using React.js by integrating MetaMask wallets, Ethereum blockchain interactions, and REST APIs.
- Developed reusable component libraries that improved development efficiency, UI consistency, and accessibility.
- Optimised frontend performance to maintain Lighthouse scores above 90, ensuring responsive and cross-browser compatible user experiences.

Web Developer

Balj Services Pvt. Ltd. – Noida, Uttar Pradesh | Oct 2020 – May 2021

- Led the migration of a legacy PHP application to Next.js, restructuring the frontend architecture while preserving SEO and existing functionality.
- Improved page load times by 35% through SSR, code splitting, and frontend performance optimisations, contributing to a 15% increase in SEO visibility.
- Modernised and maintained a legacy codebase by implementing reusable components, responsive UI, and scalable frontend practices.

Education

Bachelor of Computer Applications (BCA)

Dr. Bhimrao Ambedkar University, Agra

2017 – 2020
